

Oxford CDI 100 words

University of Oxford Babylab – University of Plymouth Babylab

This word list contains words that are typical in children's vocabularies. The inventory is a comprehensive "catalogue" of words that are used by many different children across a wide range, so do not worry if your child knows only a few of them at the moment.

For the words that your child understands but does not yet say please mark in the first column labelled "Understands". For the words that your child understands and also says please mark in the second column, labelled "U/says". If your child uses a different pronunciation of a word, mark the word anyway, (e.g. 'bickie' for biscuit or 'telly' for television).

Thank you very much - The BabyLab teams!

Your name:

Date of birth:

Child's name:

Date today:

Gender:

Firstly some questions...

Does anyone speak to your child in a language other than English (if so, which language)?

Has your child ever had any hearing problems, including glue ear?

Was your child born more than six weeks premature?

Does your child have any identified developmental delay?

If yes, please give more details

If you have any further comments, please write them below.

Thank you very much for your help, please proceed to the word list that follows.
